

Dear fellow church,

I am writing this letter with the full support of Chris Wineland and his comedy as well as his heart.

You know just as well as I do that a Pastor needs to shepherd and protect his flock as best as he possibly can. As a pastor to a church of 6,000 congregation members, I am always leery about who is coming to speak to the congregation. So when I first heard that a comedian was coming to Cornerstone, I was extra nervous. I was afraid that he would slip in some dirty jokes or anti-Christian material.

However, my assumption could not have been more wrong! Chris was upstanding and clean during his entire set. Not only that, but his show was hilarious! He joked about situations that everyone related to and people of all ages could laugh at. At no point did he cross a line or say anything sinful. Honestly, he had me laughing harder than I had in a very long time! I have only seen a dozen or so comedians live before, but he was by far my favorite comedian that I have ever seen.

Not only did Chris do an excellent job, but off stage I got to spend time with him and see his love for the Lord. This man truly is a Brother in Christ. Bottom line: If you are considering having Chris at your church for any reason, I highly recommend that you have him. You will not regret it.

God Bless,

Pastor Anthony Montana
